

INDUSTRIAL VALVES

CARBON DIOXIDE CYLINDER VALVE

for small cylinders

PRINCIPLE FEATURES:

- TPED certificated
- Reliable design
- Easy operation
- Ergonomic handwheel
- Equipped with safety burst disc and signal disc

TECHNICAL DATA

Inlet:	17E
Outlet:	W21,8 DIN 6
Dip tube thread:	M10x0,75
Seat diameter:	4 mm
Bursting disc:	250 bar
Signal disc:	blue

CARBON DIOXIDE CYLINDER VALVE

Cylinder valve with its dimensions is ideal for small cylinders used mainly in water treatment as a home carbonation system, hobby aquaristic or brewery.

Art. Nr.	Description
2777001	Carbon Dioxide Valve
